CWWCA Mid-Year Conference

JULY 8-10, 2011
BEAVER RUN RESORT, BRECKENRIDGE, CO

Friday, July 8
9:00-10:00 am  Technical Working Group
10:30-11:00 am  CWWCA Board of Directors Only-Working Meeting
11:30-12:30 pm  Registration
12:30-2:30 pm  “Distracted Driving” Pinnacol Assurance, Colorado State Patrol
2:30-2:45 pm  Break
2:30-2:45 pm  Suppliers Meeting
2:45-3:35 pm  “EKS-A Scientific & Ethical Method to Finding Groundwater” Louis Day, Accurate Well Water Sourcing
3:45-4:35 pm  “Colorado’s Safe Drinking Water Program” Andrew Ross, Colorado Department of Public Health & Environment
6:00-7:00 pm  Supplier Sponsored Social Hour
7:00-9:00 pm  Dinner

Saturday, July 9
7:00-8:00 am  Breakfast Buffet
8:00-10:00 am  Membership Meeting
10:30 am  Family Event “Breckenridge Historic Walking Tour: Groundwater Industry Educational Tools” Todd Hunter, Ground Water Pump Systems and David Wilson, Baroid, IDP
11:00-11:50 am  “Dewatering Systems in Colorado” James Jehn, President, Jehn Water Consultants, Inc. and Gina Burke, Sr. Project Manager and Principal, Jehn Water Consultants, Inc.
12:00-1:00 pm  Lunch
1:00-4:00 pm  “American Red Cross First Aid” Eugene Wagner, Quality Irrigation
2:15-2:30 pm  Break
***6:00-9:00 pm  Informal Social Gathering Base 9 Lounge
************* EIGHT CONTINUING EDUCATION HOURS AVAILABLE

Sunday, July 10
8:30 – noon  Board of Director Meeting/Working Breakfast

Advertising Information

**Website Advertising**

**Banner Advertising**

Banner advertisements appear on the right of every page of the website. The advertisement rotates sequentially, so every ad will have equal display time. If the demand for banner advertisements warrants it, additional banners will be incorporated into the site.

**One year banner advertisement:** $300.00

If the advertiser is a CWWCA member, this fee also includes a free upgrade of your member directory listing.

Banner ads should be 150 pixels wide, and 150-300 pixels high. Ads must be submitted in .jpg format.

**Member directory upgrade**

CWWCA Members may choose to upgrade their listing in the searchable member’s directory.

Upgrading allows your listing to be displayed at the top of searches and sorts. It allows your listing to link to your website. And upgrading allows you to display your logo or picture of your choice with your listing.

**One year of Directory upgrade:** $50.00

Pictures for the listing should be submitted in .jpg format and should be 80 pixels high, by 80-160 pixels wide.

---

**DrillStem Advertising**

**Advertising Rates for the Drillstem, A Quarterly Publication of CWWCA (published in March, June, September, and December)**

Its June again already, I don’t know if time goes by faster when you are busy or when you are worried about not being busy. For most of the State there has been high snow fall and without much of a spring the snow pack remains high. There will be a late melt off and the rivers will have high flow rates a little later this year than most.

The CWWCA board of Directors has been working on a few tasks including retaining and adding members to our association and shortening the annual convention. The association consists of over 200 members that are licensed contractors, leaving 60 or 70 licensed contractors that are not yet members. Many of the critiques received from the annual convention mentioned reducing the length of the annual conference from three days to two days, this is being addressed jointly by the contractor and the manufacturer representatives on the board. Contracts with the hotels are made years in advance as to the number of days and attendees, so we are already committed to three days for the next couple of years.

Hopefully this summer will be the turning point in the economy and by next years annual convention the talk will be more of work than the lack thereof.

COLORADO PUMP & SUPPLY
A Colorado founded company since 1890

We appreciate your support here at CPS, we know the big guys “national companies” have taken over our market place and it makes it harder than ever for a local Colorado company to compete. We would like the opportunity to show you how CPS can work with your company to help you with the challenges we all face in business today.

Give us a call today!
1-800-289-2777 (Denver)
1-303-442-7975 (Boulder)
1-970-484-9300 (Fort Collins)
1-719-574-2400 (Colo. Springs)

We proudly carry the following brands!

**Pumps:** Franklin, Berkeley, Flint & Walling.
**Tanks:** Amtrol, Perma Tank, Pro Source fiber wound.
**Accessories:** Merrill, Maass Midwest, Campbell / Baker, Flomatic, Baroid, JM Eagle, Service Wire.
CWWCA 2001 Buck Lively Scholarship Winners

Congratulations to the following scholarship winners. CWWCA wishes them the very best!

MICHAEL G. HOLMES
A senior at Wray High School, Michael plans to attend West Texas A & M University and major in Engineering. He quotes Jimmy Dean “I can’t change the direction of the wind, but I can adjust my sails to always reach my destination.” Michael states that this quote gives an insight into the essence of his career goals heading into college. He states that it is critical to have a goal and direction for your life if you wish to be successful, however as time passes you and the world around you changes. In response to this change your goals and aspirations must adapt to fit the evolving situations. Michael’s sponsor and great uncle is Raymond L. Twiss.

MACKENZIE STEWART
A senior at Littleton High School, Mack plans to attend the University of Colorado. He is the son of George Stewart who owns Stewart Water Well, Inc. Mack’s father has been a member since 1994. Mack hopes at some time in the future, to continue and expand the level of service his father has provided to the residents of North West Colorado. He has grown up around the drilling business and has enjoyed learning alongside his father. Right now the most important thing to him is to get the best education he can.

KYLEE SWEETSER
A sophomore at the University of Northern Colorado in Greeley, she is working on obtaining her nursing degree and her future plans are to work in a neonatal hospital unit. Her lifelong dream is to play an important role in saving the lives of premature infants. Her father works for Keith Branstetter, owner of Aztec Drilling Company in Steamboat, CO. Her dad has worked for them for the last 13 years. Kylee is a student member of CWWCA.

NICOLE WEYERMAN
A junior at the University of Colorado Denver, she is working toward a degree in Criminal Justice with a minor in Psychology. She is currently working to set up an internship at a juvenile facility such as Lookout Mountain Youth Services Center in Golden or Right of Passage in Watkins, hopefully next fall or this coming summer if things go through quickly enough. This Spring Nichole will be volunteering her time at Excelsior Youth Center - a center for girls ages 11 to 18 who have emotional and behavioral issues. Nicole’s sponsor is Lynn Twiss. Nicole is a student member of CWWCA.

CONGRATULATIONS AND BEST TO ALL OF YOU!
The CWWCA website was transitioned to a new platform because our website host had discontinued support of the old website.

* The new website is more user friendly, easier to update and robust than the old website.

* You may recall that in the past year website usage has leveled out and growth of website use had stopped.

  In general, we average about 900 page views per month.

* Our former web host, Keith Slate, Symplitech, LLC was selected based on their bid.

* Our contract with Symplitech includes site content maintenance at only $20/hour, which will allow website updates to be made on a more timely basis when the Website Committee is not available to make the updates on their volunteer time.

* A total of 212 CWWCA members elected to have their names listed on the CWWCA membership directory to date up from 130 members in 2010, including 18 membership upgrades, up from 16 in 2010.

* New copies of the Drillstem and Technical Working Group summaries are on the website.

* Although the events and news pages have received updates, additional content is appreciated. Please send news articles, events and continuing education opportunities to dniemela@bbawater.com or execdir@cwwca.org
Why are you working? To make money of course! That’s why keeping costs and expenses to a minimum are important.

According to the National Ground Water Association, rear-end collisions are the most common vehicle related accident among its members. What does this tell us? Obviously, folks aren’t paying enough attention to the road. This is something that is easily controlled if you are driving with safety in mind.

Water well drillers drive big trucks with heavy rigs attached. Have you ever seen one of these trucks smash into the back of a compact car? I hope not because it isn’t pretty. Not only can a careless accident like this put your truck and rig out of commission, it could be devastating for the person(s) in that compact car you just hit.

What if you have several trucks driving to a job and one rear-ends the other? Trust me it happens, and will put both vehicles in the repair shop. The bottom line here is that these accidents could all be avoided if the drivers had safety in mind.

So, how do we begin to work with safety in mind? These tips will help you better manage your driving safety:

1. **Thoroughly screen all drivers**

Run a motor vehicle report (MVR) to make sure your drivers are maintaining a valid driver’s license and safe driving record.

2. **Train all drivers**

Make sure drivers know to allow a safe distance between them and the vehicle in front. Remember that heavy vehicles stop slower than light vehicles.

3. **Maintain your vehicles**

Take time to make sure your vehicles and equipment are in good working order. Worn down brakes will impede the vehicles ability to stop.

4. **Communicate safety rules regularly**

Talk to your employees and drivers about avoiding distractions when driving. That means keep the radio volume down, no talking on the cell phone, and certainly no texting.

5. **Check traffic and weather conditions**

Knowing what’s out there before you hit the road will allow you the proper time to prepare for possible adverse conditions.

Safe work behavior can contribute directly to the bottom line. The more profitable your company, the more likely there will be funds for better equipment, improvements in the work environment, and wage increases.

Money is important but…Personal well-being is also important. It is always wiser to spend a bit more time doing the job safely than to recover from an injury. Remember, don’t take dangerous shortcuts, wear your personal protective gear, do the job as instructed, and support company safety efforts.

Eager to get started? Give us a call today. We can start working on your policy anytime during the year. We look forward to working with you!
Driller and/or Pump Installer Apprenticeship Program

This apprentice program supported by the Colorado Water Well Contractors Association (CWWCA) is a voluntary program for CWWCA members, developed to assist individuals that would like to obtain a water well driller license and/or a pump installation license in the state of Colorado. Records will be kept by the CWWCA and available to the applicant to provide proof of experience to the Board of Examiners (BOE) during the license application process.

(a) A person who wishes to undertake the CWWCA approved apprentice program under the supervision of a licensed well driller and/or a licensed pump installer who has been licensed for a minimum of two years, must submit a registration form (Form Attached) to the CWWCA and provide proof that the licensed well driller and/or pump installer has agreed to accept the responsibility of supervising the training. A driller or pump installer may not supervise more than three apprentices at any one time. Persons with both a well driller and pump installers license may register a maximum of six apprentices (three of each type) at any one time.

(b) A registered driller or pump installer apprentice shall represent his supervising driller or pump installer during operations at the well site.

(c) The CWWCA Board of Directors shall review driller and/or pump installer registration forms.

(d) A registered driller/pump installer apprentice may not perform, or offer to perform; any services associated with drilling or pump installing except under the supervision of a licensed driller/ pump installer and according to the supervising driller/pump installer’s express directions.

A driller/pump installer apprentice’s registration may be revoked for engaging in prohibited activities.

(e) Registration forms shall include:

1. The name, business address, and permanent mailing address of the apprentice in training
2. The name, business address, and license number of the licensed driller and/or pump installer who will supervise the training
3. A detailed description of the training program, including the types of wells to be drilled and/or the classifications of pumps to be installed, equipment used, safety training and procedures, and experience, knowledge, and qualification benchmarks while under apprenticeship.
4. The effective commencement and termination date of the training program
5. A statement by the licensed driller and/or pump installer accepting financial responsibility (under the licensed contractors bond) for the activities of the apprentice associated with the training program or undertaken on behalf of the licensed driller or pump installer, and
6. The signatures of the apprentice and the licensed driller and/or pump installer and the sworn statement of both that the information provided is true and correct.

(f) If the application conforms to the rules and the apprenticeship program meets the CWWCA requirements, the CWWCA will notify the apprentice and the supervising driller and/or pump installer that the applicant has been accepted as a registered driller and/or pump installer apprentice and that the registration form shall remain in the CWWCA’s files for the stated duration of the apprentice program.

(g) If the application and apprenticeship program do not conform to the rules or is not approved, the CWWCA shall notify the apprentice and the apprentice’s supervising driller and/or pump installer of the disapproval.

Responsibilities of the Apprentice and Supervising Driller and/or Pump Installer

(a) A registered driller/pump installer apprentice shall:

represent his supervising driller/pump installer during operations at the well site:

(b) A registered driller or pump installer apprentice shall represent his supervising driller or pump installer during operations at the well site.

(c) The CWWCA Board of Directors shall review driller and/or pump installer registration forms.

(d) A registered driller/pump installer apprentice may not perform, or offer to perform; any services associated with drilling or pump installing except under the supervision of a licensed driller/pump installer and according to the supervising driller/pump installer’s express directions.

A driller/pump installer apprentice’s registration may be revoked for engaging in prohibited activities.

(e) Registration forms shall include:

1. The name, business address, and permanent mailing address of the apprentice in training
2. The name, business address, and license number of the licensed driller and/or pump installer who will supervise the training
3. A detailed description of the training program, including the types of wells to be drilled and/or the classifications of pumps to be installed, equipment used, safety training and procedures, and experience, knowledge, and qualification benchmarks while under apprenticeship.
4. The effective commencement and termination date of the training program
5. A statement by the licensed driller and/or pump installer accepting financial responsibility (under the licensed contractors bond) for the activities of the apprentice associated with the training program or undertaken on behalf of the licensed driller or pump installer, and
6. The signatures of the apprentice and the licensed driller and/or pump installer and the sworn statement of both that the information provided is true and correct.

(f) If the application conforms to the rules and the apprenticeship program meets the CWWCA requirements, the CWWCA will notify the apprentice and the supervising driller and/or pump installer that the applicant has been accepted as a registered driller and/or pump installer apprentice and that the registration form shall remain in the CWWCA’s files for the stated duration of the apprentice program.

(g) If the application and apprenticeship program do not conform to the rules or is not approved, the CWWCA shall notify the apprentice and the apprentice’s supervising driller and/or pump installer of the disapproval.

Responsibilities of the Apprentice and Supervising Driller and/or Pump Installer

(a) A registered driller/pump installer apprentice shall:

represent his supervising driller/pump installer during operations at the well site:

(b) A registered driller or pump installer apprentice shall represent his supervising driller or pump installer during operations at the well site.

(c) The CWWCA Board of Directors shall review driller and/or pump installer registration forms.

(d) A registered driller/pump installer apprentice may not perform, or offer to perform; any services associated with drilling or pump installing except under the supervision of a licensed driller/pump installer and according to the supervising driller/pump installer’s express directions.

A driller/pump installer apprentice’s registration may be revoked for engaging in prohibited activities.

(e) Registration forms shall include:

1. The name, business address, and permanent mailing address of the apprentice in training
2. The name, business address, and license number of the licensed driller and/or pump installer who will supervise the training
3. A detailed description of the training program, including the types of wells to be drilled and/or the classifications of pumps to be installed, equipment used, safety training and procedures, and experience, knowledge, and qualification benchmarks while under apprenticeship.
4. The effective commencement and termination date of the training program
5. A statement by the licensed driller and/or pump installer accepting financial responsibility (under the licensed contractors bond) for the activities of the apprentice associated with the training program or undertaken on behalf of the licensed driller or pump installer, and
6. The signatures of the apprentice and the licensed driller and/or pump installer and the sworn statement of both that the information provided is true and correct.

(f) If the application conforms to the rules and the apprenticeship program meets the CWWCA requirements, the CWWCA will notify the apprentice and the supervising driller and/or pump installer that the applicant has been accepted as a registered driller and/or pump installer apprentice and that the registration form shall remain in the CWWCA’s files for the stated duration of the apprentice program.

(g) If the application and apprenticeship program do not conform to the rules or is not approved, the CWWCA shall notify the apprentice and the apprentice’s supervising driller and/or pump installer of the disapproval.
installed a Pump Installation and Test Report should be filled out and sent to the CWWCA, even though it is not required by the State.) with the supervising driller/pump installer until the required number of installations is achieved; and

perform services associated with drilling, deepening, or altering a well and/or installing pumps under the supervision of the supervising driller/pump installer.

(b) A registered driller/pump installer apprentice may not perform, or offer to perform, any services associated with drilling, deepening, installing a pump or altering a well except under the direct supervision of a licensed driller/pump installer and/or according to the supervisor’s express directions. A driller/pump installers apprentice’s registration may be revoked for engaging in prohibited activities.

c) Upon completion of a training program of at least two years and the completion of at least 20 wells (new and/or redrills) and/or the installation of 20 pumps (new and/or replacement), an apprentice may apply to obtain a well driller’s/pump installer’s license or to renew the status as an apprentice. The supervising driller, pump installer or apprentice may terminate the training program by written notice to the CWWCA. A reason for termination is not required. Upon receipt of the notice, the CWWCA shall terminate the apprentice’s status as a registered apprentice.

d) Upon renewal of an apprentice registration, the supervising driller and/or pump installer shall provide the CWWCA a written progress report on the aforementioned training segments pertaining to the apprentice’s stated training program.

e) the licensed driller and/or pump installer shall be present at the well site at all times during all operations or may be represented by a registered apprentice capable of immediate communication with the licensed driller or licensed pump installer.

(f) The licensed driller and/or pump installer is responsible for compliance with the Rules and Regulations for Water Well Construction, Pump Installation, Cistern Installation, and Monitoring and Observation Hole/Well Construction (Construction Rules) 2 CCR 402-2.

g) If the supervising driller or pump installer is unavailable, he may be represented by another licensed driller or pump installer who:

1. is employed by the apprentice’s employer; and
2. is either at the well site or can be reached by phone or radio.

Continuing education as it applies to the apprentice program
By the end of the each year of apprenticeship the apprentice must attain two continuing education hours. At the end of the apprenticeship, the apprentice must comply with the existing rules for continuing education as set forth in the BOE rules 2 CCR 402-14 concerning continuing education to obtain a drillers and/or pump installer’s license. A Continuing Education form (similar to the one provided to the licensed contractors by the State during the renewal process each year) will be provided to the apprentice at the end of each calendar year so the CE’s earned can be documented.

A copy of this form will then be sent to the CWWCA and be added to the apprentice’s file.

CWWCA FAMILY EVENT

HISTORIC WALKING TOUR OF BRECKENRIDGE
SATURDAY, JULY 9, 2011
BRECKENRIDGE, CO
ONLY $5.00 - SUGGESTED DONATION
MEET AT THE HOTEL FRONT DESK
10:30 AM
TOUR – 11:00 AM
APPROXIMATELY 60-90 MINUTES
PLEASE JOIN US FOR A FUN AND EDUCATIONAL HISTORICAL WALKING TOUR OF BEAUTIFUL DOWNTOWN BRECKENRIDGE.
COME PREPARED WITH SENSIBLE WALKING SHOES, WATER, AND DRESSED FOR THE WEATHER.
ALONG THE WAY, HEAR STORIES ABOUT THE GOLD SEEKERS, ROUGH INDIVIDUALS AND OTHER HARDY SOULS WHO LIVED IN BRECKENRIDGE MORE THAN 100 YEARS AGO!

Set yourself head and shoulders above the rest. Become a Certified Vertical Closed Loop Driller.

NGWA’s Certified Vertical Closed Loop Driller—CVCLD—designation demonstrates to your customers that you’ve taken that extra step to set yourself head and shoulders above the competition when it comes to the construction of closed loop well systems for ground source heat pump applications.

Prove your knowledge, skills, and competency by passing a 75-question multiple-choice exam. Call PSI LaserGrade, the administrator of NGWA’s certification exams, at 800 211.2754 (360 896.9111 outside the United States) to schedule your exam at any one of its more than 1,000 locations.

For more information on the CVCLD, as well as other certifications offered through NGWA, visit www.ngwa.org or call NGWA customer service at 800 551.7379 or 614 898.7791.
BEO Vacancy

Jeff Canfield’s term on the Board of Examiners of Water Well Construction and Pump Installation Contractors (BOE) expires on June 30th, 2011.

The upcoming vacancy is to be filled by a qualified applicant who is a well construction contractor with a minimum of 10 years experience in the well construction or pump installation business.

To apply for this appointment: Please print and complete the application form (at http://www.colorado.gov/cs/Satellite/GovHickenlooper/CBON/1249674847715)

Mail or fax your application with a current resume to:
Office of Boards and Commissions
136 State Capitol
Denver, CO 80203

You may also fax your completed application to 303-866-6368.

If you have any questions please contact Romaine Pacheco, Director, or Dave Ferrill, Deputy Director, at 303-866-5232 or boards@state.co.us.

This information is also available through our website, www.colorado.gov/governor/boardscommissions.html.

Please call the Governor’s Office of Boards and Commissions if you have any questions.

Also from Gov’s boards and commissions book:

STATE BOARD OF EXAMINERS OF WATER WELL CONSTRUCTION AND PUMP INSTALLATION CONTRACTORS - TERMS EXPIRE JUNE 30

Number of Members: 5 (3 appointed by Governor)
Length of Terms: 4 years
Pay/Compensation: Actual expenses
Frequency of Meetings: Quarterly or as necessary
Contact: Department of Natural Resources

The Board has general supervision and authority over the construction and abandonment of wells and the installation of pumping equipment. The Board also licenses well construction and pump installation contractors.

Two of the members shall be well construction contractors with a minimum of 10 years experience in the well construction or pump installation business. One member shall be an engineer or geologist with a minimum of 10 years experience in water supply and well construction.

*Jeffrey K. Canfield, Fort Morgan, well construction contractor
Joseph T. Bender, Arvada, well construction contractor
Theresa Jehn-Dellaport, Golden, rep. engineer
Dick Wolfe, Broomfield, state engineer
Greg Naugle, Penrose, Department of Health
