WEB SITE ADVERTISING
BANNER ADVERTISING
Banner advertisements appear on the right of every page of the website.
The advertisement rotates sequentially, so every ad will have equal display time. If the demand for banner advertisements warrants it, additional banners will be incorporated into the site.

One-Year Banner Advertisement: $300
If the advertiser is a CWWCA member, this fee also includes a free upgrade of your member directory listing. Banner ads should be 150 pixels wide, and 150-300 pixels high. Ads must be submitted in .jpg format.

MEMBER DIRECTORY UPGRADE
CWWCA Members may choose to upgrade their listing in the searchable member’s directory.
Upgrading allows your listing to be displayed at the top of searches and sorts. It allows your listing to link to your web site. And upgrading allows you to display your LOGO or Picture of your choice with your listing.

One year of Directory upgrade: $50.00
Pictures for the listing should be submitted in .jpg format and should be 80 pixels high, by 80-160 pixels wide.

Note from the President

Mid year will be here before you know it. It will be a great one once again, thanks to the program committee. I hope to see all of the contractors and CGWA members there. The mid year is a great way to spend time with your family and still get your education. I hope all of you will consider on attending it. The Beaver Run Resort is great to all that attend. May all of you have great year. Also special thanks to the suppliers and members that help make the CWWCA successful.

Robert Cockerham
2014 CWWCA President

CWWCA wishes to thank the time, effort and contribution given by Todd Hunter to acquire the CWWCA scholarship auction item for the Mountain States Groundwater EXPO.

APPRECIATE!

And to Josh Wood for his assistance of the auction item during the EXPO.

"THANK YOU" FOR YOUR GENEROUS SUPPORT
Safety Spotlight: Head Injuries
By Scott Cosby, WorldWide Drilling Resource

A basic description of a head injury, symptoms, and treatments will be presented to gain a better understanding of these unfortunate and accidental events.

A head injury is any trauma which injures the scalp, skull, or brain. They can be further classified as closed or open head injuries. A closed head injury refers to a wound which is not visible to the naked eye. This class can often be the most serious. An open (or penetrating) head injury refers to a visible, serious wound to the skull, and the brain is affected. The majority of this injury class occurs during car accidents.

The sources may vary, but watch for these symptoms resulting from a head injury:

- Unconscious or dazed condition
- Bleeding from mouth, nose, or ears
- Rapid but weak pulse
- Unequal size eye pupils
- Paralysis in one or more limbs
- Headache or dizziness

Overall, the best head injury treatment is to get the injured person to a hospital or physician! Basic treatment options include:

- Keep the injured lying down, and if necessary, warm
- If appearance is flushed, raise his/her head slightly
- If appearance is pale, leave his/her head in place
- For bleeding at the head wound, apply sterile dressing without pressure
- Keep the injured person calm and comfortable until help arrives or taken to a hospital

Consult your local health professional for more information, and provide in-house information on this topic to drill crews. These are a wide variety of online sources, such as the Occupational Safety and Health Administration, as well.

Colorado Water Well Contractors Association (CWWCA) is a voluntary program for CWWCA members, developed to assist individuals that would like to obtain a water well driller license and/or a pump installation license in the state of Colorado. Records will be kept by the CWWCA and available to the applicant to provide proof of experience to the Board of Examiners (BOE) during the license application process.

Continuing education as it applies to the apprentice program. By the end of the each year of apprenticeship the apprentice must attain two continuing education hours. At the end of the apprenticeship, the apprentice must comply with the existing rules for continuing education as set forth in the BOE rules 2 CCR 402-14 concerning continuing education to obtain a drillers and/or pump installers license. A Continuing Education form (similar to the one provided to the licensed contractors by the State during the renewal process each year) will be provided to the apprentice at the end of each calendar year so the CE’s earned can be documented.

For full information on this and other CWWCA educational opportunities; Go to CWWCA.org and look under education.
In the great state of Colorado, experienced drilling and pump contractors know that Western Hydro is the place to go for the equipment and supplies you want at competitive prices!

Franklin Electric

**NEW!**

WE ARE PROUD TO NOW OFFER A FULL LINE OF FRANKLIN ELECTRIC PUMPS AND MOTORS TO OUR CUSTOMERS!

Please contact your local Western Hydro Corporation Salesperson for more details!

WE ALSO STOCK A COMPREHENSIVE LINE OF...

- Xylem Goulds/Red Jacket Pumps
- Pentair STA-RITE/ Berkeley/Myers Pumps
- Casing - PVC/Steel • Screen - PVC/Steel Pipe • Tanks
- Drilling Rig Pumps and Parts • Drilling Fluids • Mud/Grout
- Water Treatment Systems & Supplies • Pump Derricks & Parts
- Drilling Supplies - Bits/Subs/Hammers
- Lead Free Water Service Valves • And Much More!

Western Hydro Corporation now has five complete build centers, strategically located for your build to order submersible and line shaft turbines. Machine work, labor, and other services available by quotation.

Labor:
- Bowl tear down and rebuild • Remove seized nipples
- Special TPL’s • Impeller back fitting • Tube and shaft clean up
- Hardened sleeves removed/installed
- Line shaft/head shaft flange straightening

Machine Work:
- Wear Rings – Cast iron, brass, stainless steel • Reface Bowls
- Impellers Trimmed • Motor or drive clutch bored, bushed, re-key
- Machine bowls for wear rings or oversize bearing
- Keyways cut • Machine for dual seals
- Special length shafts, oil tubes, column pipe, column nipples
- Special Adaptations – Threading, tee-brgs, stretch bearings

TWG Meeting Recap
Crowne Plaza DIA
Denver, Colorado

Next TWG Meeting:
Friday, April 25th, preceding CWWCA board meeting
Basement Conference Room A
Chase Bank Building
333 West Hampden Ave., Englewood, CO 80110
(Preceding CWWCA Board Meeting)

Attendees:
David Wilson, Fred Baros, Brad Himes, Robert Cockerham, Travis Day, Bryan Beckner, Gene Wagner, Mike Wiedorn, Keith, Branstetter, Joe Meigs, Todd Hunter, Dick Wilson, Daniel Niemela, Don Eastwood, Nolan Lloyd, Doug Stephenson

Moderator for April 2014 Meeting:
Travis Day

Well Inspection Program:
On October 15, 2013, the CWWCA drafted a letter to the Chairperson of the Water Resources Review Committee, Senator Gail Schwartz. The letter expressed support for funding additional Division of Water Resources water well inspectors for the well inspection program through an increase in well permit application fees. The letter went on to state that support for the well inspection program was affirmed by a vote of the CWWCA members at the July 2013 membership meeting and that the CWWCA supports a well permit application fee increase to fund two additional well inspectors. The letter was signed by Travis Day, CWWCA President.

On October 30, 2013, CWWCA representatives made a presentation to the Water Resources Review Committee at the Colorado State Capitol concerning the need for additional Division of Water Resources water well inspectors. Senate Bill 03-045 creating the well inspection program was signed into law on May 14, 2003. Well permit application fees were used to fund the salaries and expenses of 5 full-time well inspectors. However, as the number of well permit applications decreased over time, to less than half of those in 2003, so had the ability to fully fund 5 full-time well inspectors. Presently, there is a chief well inspector and 2 well inspectors to cover the entire state.

We concluded our presentation by urging the legislature to authorize two additional well inspectors and pay for the inspectors by increasing the well permit application fees from $100 to approximately $150 per application. At that time, we also reaffirmed the need for the well inspection program, pointing out its importance in protecting the ground waters of the state, and the health and safety of the Colorado public.

Recently, we contacted a former Representative and current Senator, who helped author the original water well inspection bill, to see if there is interest in being a sponsor for a bill to increase the number of well inspectors and explore possible funding options. Going forward, we will continue to be involved with the legislative process in the hopes of moving ahead with the CWWCA’s request for additional Division of Water Resources water well inspectors during the 2014 legislative session.

Water Well Construction Rules
The DWR noted that the BOE has requested recommendations from the TWG regarding Water Well Construction Rules changes by April 1, 2014 ahead of the next BOE meeting. The Rules will be up for review in 2015. Areas for review were discussed including annular seal (grouting, annular space and centralizers), disinfection (biofouling and circulation to the bottom of the well), 2-years experience (definition of “hands on”), inspection (notification before well drilling and pump installation) and enforcement. The TWG will forward the BOE’s request to the CWWCA Water Well Construction Rules Review Committee for specific recommendations to the BOE.

Disinfection
Concern was raised regarding disinfection and proper circulation of the well and water column below the pump setting.

Future Topics
DWR report
Well construction rules
Well inspection program

Respectfully submitted by Daniel O. Niemela and Joe Meigs
COLORADO PUMP & SUPPLY
A Colorado founded company since 1890

We appreciate your support here at CPS, we know the big guys “national companies” have taken over our market place and it makes it harder than ever for a local Colorado company to compete. We would like the opportunity to show you how CPS can work with your company to help you with the challenges we all face in business today.

Give us a call today!
1-800-289-2777 (Denver)
1-303-442-7975 (Boulder)
1-970-484-9300 (Fort Collins)
1-719-574-2400 (Colo. Springs)

We proudly carry the following brands!

**Pumps:** Franklin, Berkeley, Flint & Walling.
**Tanks:** Amtrol, Perma Tank, Pro Source fiber wound.
**Accessories:** Merrill, Maass Midwest, Campbell / Baker, Flomatic, Baroid, JM Eagle, Service Wire.
Thank you to the efforts of Lance Nichols and his auctioneer team.

The Colorado Water Well Contractors Association (CWWCA) Buck Lively Scholarship Program is made available to assist and encourage the education of qualified individuals.

Eligibility

1. Applicant must be a CWWCA member or sponsored by a CWWCA member.
2. An Applicant currently enrolled or planning to enroll in a full time course of study at and accredited two or four year college, university, or vocational/technical school, and who is accepted by the institution during the applied scholarship year.
3. The Applicant must have a High School GPA of 2.5 and maintain a GPA of 2.0 in their course work.
4. Applicant must not have already received the maximum of five CWWCA Eligibility scholarship awards.

How to Apply

The applicant must submit a completed application along with all required attachments to Buck Lively Scholarship Program (download application at http://cwwca.org/OldSite/bin/files/scholap.pdf) to the CWWCA office or to the Scholarship Committee before March 31st. Incomplete applications will disqualify an applicant.

How Applicants are Selected

Scholarship Selections will be based on the following:

1. Scholarship application completeness. Incomplete applications and missing attachments will invalidate an application. Corrections and additions may be submitted up to the submittal deadline.
2. Applicants who have submitted Progress Reports after being awarded a scholarship in previous years will be given preferential scoring.
3. Written recommendations from non-family members. Recommendations should be current, having been written within the last year before application.
4. Academic Record. An Official Transcript must be included for the application to be considered. Unofficial transcripts will not be accepted and may be grounds for disqualification.
5. Educational and Career Goals Statements. One page, single sided essay, 200 word minimum. Preference will be given based on relevance to the ground water industry.
6. Sponsor. The sponsor or the applicant must be a CWWCA member. Preference will be given to members and family of members, as well as employees and family of employees of CWWCA members.

Submittal

All Applications and attachments must be submitted to:
